Naphthalene-free

Proven to repel non-venomous snakes for 14 weeks

Proven to repel venomous snakes for 2 weeks

Biodegradable

This Container will Treat an 8-inch wide band up to \_\_\_ sq. ft long {depends upon the container size}

### DIRECTIONS FOR USE

Read entire label before use. Shake well before use.

**How it Works:** Snakes smell their surroundings with the Jacobson's organ (an olfactory receptor organ) that picks up airborne scent particles. Granular Snake Repellent contains scents that are irritating to snakes, causing them to leave the area. Granular Snake Repellent has been laboratory tested and proven effective.

**Note:** Repellency is unique to individual snakes, not just species or genus; results may vary.

Granular Snake Repellent repels snakes from places such as homes, lawns, patios, porches, swimming pools, barns, sheds, woodpiles and garden perimeters. May also be used inside structures in areas such as basements, attics, cellars, storage rooms and garages.

**To Apply:** Evenly apply a band of granules approximately 8 inches wide around area to be protected. Five pounds will treat a band approximately 8 inches by 3,570 feet long or a broadcast area of 2,500 square feet. Do not water in granules post application or apply when rain is in the forecast. Reapply as needed to maintain control, particularly after rain.

**Attention:** Some snakes are venomous. Exercise caution when applying this product. Do not handle or approach snakes unless you are properly trained.

### PRECAUTIONARY STATEMENTS

May be harmful if swallowed. May cause slight eye and skin irritation.

**First Aid: If Swallowed:** Immediately rinse mouth and drink plenty of water. **If in Eyes:** Immediately rinse eyes with plenty of water, including under eyelids. **If on Skin:** Thoroughly wash with soap and water. In all cases, if irritation persists, call a physician or 1-800-222-1222 for emergency medical treatment information.

**Storage and Disposal:** Keep away from children and pets. Store in original, tightly closed container in a cool, dry area. Non-refillable container; do not reuse or refill this container. Recycle empty container, or discard in trash.
