Net Contents: _____ fl oz (____ mL)

Select from the following Marketing Claims:

No residue left on treated fabrics

Easy to use

Simple instructions

Lower cost than Pyrethrum-containing products

Proven to kill bed bugs, fleas, mites and ticks

DIRECTIONS FOR USE

As a laundry additive to kill bed bugs, fleas, mites and ticks, add 1-2 capfuls of solution {or product name} to your normal laundry detergent when washing clothes, bedding, sheets, etc. Use the hottest water possible as appropriate for the fabrics being washed and dry normally, adding an extra 30 minutes using the "High" setting, if possible. After washing/drying, store clean articles only in places that have been thoroughly cleaned, vacuumed and treated with an insecticidal product labeled to kill bed bugs, fleas, mites and ticks [such as {provide a product name}].

PRECAUTIONARY STATEMENTS

WARNING: Causes serious eye irritation. May cause allergic skin reaction.

Prevention: Thoroughly wash face, hands and any exposed skin after handling. Wear protective gloves/clothing and eye/face protection. Avoid breathing mist/vapors/spray.

Response: If in Eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing if eye irritation persists. Get medical advice/attention. **If on Skin:** Wash with plenty of soap and water. If irritation or rash occurs, get medical advice/attention. Wash contaminated clothing before reuse. If irritation persists, call a physician or 1-800-222-1222 for emergency medical treatment information.

Storage and Disposal: Keep away from children and pets. Store in original, tightly closed container in a cool, dry area. Non-refillable container; do not reuse or refill this container. Recycle empty container, or discard in trash.
