

Ant and Roach Dust {or other product name}

CAUTION

Keep Out of Reach of Children

See additional Precautionary Statements on back panel

Active Ingredients:

Geraniol	8.4%
Cornmint Oil	0.1%

Inert Ingredients* 91.5%

Total 100.0%

*Diatomaceous Earth, Sodium Bicarbonate, Calcium Silicate and Calcium Carbonate

(Note: The Ingredients Statement maybe on the front or back panel; it must, however, be presented in this format.)

Net Contents: _____ oz (____ g)

Select from the following Pesticidal claims supported by the efficacy data:

Kills Bed bugs, Fire ants, Fleas (egg, larval and adult stages), German cockroaches, House flies, Pharaoh's ants and Ticks (nymph and adult stages).

Repels, for up to 11 weeks, Brown dog ticks and Cat fleas when applied at a rate of 5.5 oz to 12.8 oz/500 sq. ft.

Select from the following Marketing Claims:

Kill-and-repel dust formula

Proven to kill ants, bed bugs, fleas, flies, roaches and ticks

No re-entry concerns

Fresh {or other descriptive term, such as "Pleasant") Scent

Pet Friendly

Contains no Pyrethrins or Sodium Lauryl Sulfate

No Known Resistance

Works on Resistant Species

DIRECTIONS FOR USE

Read entire label before use. Shake well before use.

Many pest species enter the building through exterior walls or relocate through interior adjoining walls. It is critical to properly treat these walls to kill these overwintering and trans-locating species. Treat walls by removing outlet and switch plate covers then puffing a light coating of dust into the wall voids behind the outlet boxes (not in the boxes themselves). This applies a layer of dust onto the tops of the electrical cables inside the walls, which is a common 'highway' for bugs to traverse. Also treat gaps around cracked interior and exterior window and door frames; this will allow dust to flow into the wall voids and cracks around the molding. These are common entrance points into a structure. Wipe away excess dust with a damp cloth to ensure your applications are inaccessible to future human/pet contact, but remain in the hiding places of the pests.

PRECAUTIONARY STATEMENTS

May be harmful if swallowed. May cause slight eye irritation.

If in Eyes: Immediately rinse eyes with plenty of water, including under eyelids. **If on Skin:** Thoroughly wash with soap and water. **If Inhaled:** Move to fresh air. **If Swallowed:** Immediately rinse mouth and drink plenty of water. In all cases, if irritation persists, call a physician or 1-800-222-1222 for emergency medical treatment information.

Storage and Disposal: Keep away from children and pets. Store in original, tightly closed container in a cool, dry area. Non-refillable container; do not reuse or refill this container. Recycle empty container, or discard in trash.
