#### DIRECTIONS FOR USE

Read entire label prior to use and use product as directed. Shake well before use or dilution. To minimize foaming, add water to spray tank first; then add this concentrate. **For severe infestations** dilute 1 part concentrate {or use product name} to 9 parts water. **For maintenance treatments** dilute 1 part concentrate {or use product name} in up to 39 parts water. For use in pump-up and trigger sprayers.

**To Kill Flies, Mosquitoes and Moths:** Cover exposed food and utensils before spraying. Set spray nozzle to deliver a fine mist. Close all doors and windows and direct spray upward into the room's center using a slow, sweeping motion. Spray approximately 5-10 seconds for an average room. Keep room closed for 15 minutes after spraying and thoroughly ventilate room prior to reentry. Sweep up and throw away fallen insects.

#### PRECAUTIONARY STATEMENTS

**WARNING:** Causes serious eye irritation. May cause allergic skin reaction.

**Prevention:** Thoroughly wash face, hands and any exposed skin after handling. Wear protective gloves/clothing and eye/face protection. Avoid breathing mist/vapors/spray.

**Response: If in Eyes:** Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing if eye irritation persists. Get medical advice/attention. **If on Skin:** Wash with plenty of soap and water. If irritation or rash occurs, get medical advice/attention. Wash contaminated clothing before reuse. If irritation persists, call a physician or 1-800-222-1222 for emergency medical treatment information.

**Storage and Disposal:** Keep away from children and pets. Store in original, tightly closed container in a cool, dry area. Non-refillable container; do not reuse or refill this container. Recycle empty container, or discard in trash.
