Stearate

(Note: The Ingredients Statement maybe on the front or back panel; it must, however, be presented in this format.)

Net Contents: _____ fl oz (____ mL)

Select from the following Marketing Claims:

Eco-friendly way to kill large fire ant mounds

Kills Ants in 30 minutes

Complete Kill of Fire Ants in 3 Days

Kills Ants including Red Imported Fire Ants

Fast Knock Down

No Known Resistance

Works On Resistant Species

DIRECTIONS FOR USE

Read entire label prior to use and use product as directed. Shake well before use or dilution. To minimize foaming, add water to spray tank first; then add this concentrate. **For severe infestations** dilute 1 part concentrate {or use product name} to 9 parts water. **For maintenance treatments** dilute 1 part concentrate {or use product name} in up to 39 parts water. For use in pump-up and trigger sprayers.

Use outdoors in lawns and in areas around flower gardens, flower beds, mulch beds, perimeter areas of structures, foundations, fence lines and other areas where ants are observed. Directly spray ants until wet (approximately two trigger sprayer pumps or two seconds with a pump-up sprayer). For best results, apply during morning or late evening during cooler weather (65°-80°F) when ants are most active. To treat ant mounds, use a stick to disturb the mound, making ants appear on the mound surface; then spray ants until wet. Before applying to outside perimeters of structures, rake back mulch, debris, and leaf litter to expose ground nesting areas.

PRECAUTIONARY STATEMENTS

WARNING: Causes serious eye irritation. May cause allergic skin reaction.

Prevention: Thoroughly wash face, hands and any exposed skin after handling. Wear protective gloves/clothing and eye/face protection. Avoid breathing mist/vapors/spray.

Response: If in Eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing if eye irritation persists. Get medical advice/attention. **If on Skin:** Wash with plenty of soap and

water. If irritation or rash occurs, get medical advice/attention. Wash contaminated clothing before reuse. If irritation persists, call a physician or 1-800-222-1222 for emergency medical treatment information.

Storage and Disposal: Keep away from children and pets. Store in original, tightly closed container in a cool, dry area. Non-refillable container; do not reuse or refill this container. Recycle empty container, or discard in trash.
