Apply anywhere you see pests

Quick Kill Formula against boxelder bugs, earwigs, fleas and ticks

Kills Adult and Larval Fleas

Will not harm plants

Will not harm indoor or outdoor surfaces

No Known Resistance

Works on Resistant Species

DIRECTIONS FOR USE

Read entire label prior to use and use product as directed. Shake well before use or dilution. To minimize foaming, add water to spray tank first; then add this concentrate. **For severe infestations** dilute 1 part concentrate {or use product name} to 9 parts water. **For maintenance treatments** dilute 1 part concentrate {or use product name} in up to 39 parts water. For use in pump-up and trigger sprayers.

Directly contact insects on structures, in cracks and crevices and in plant/flower beds. For best results apply every 3-4 weeks, or more frequently depending upon pest pressure. Thoroughly wet pests, but do not oversaturate.

To kill fleas and ticks in your lawn, mow your lawn a day or two before spraying. Then spray in a slow, even sweeping motion, and be sure to cover the entire lawn surface where your pet normally goes. Spray under trees and ornamentals but avoid soaking young or flowering plants.

Hose-end Sprayers: Connect your hose to the sprayer bottle then turn on the water. Point sprayer in the direction you would like to spray. To stop, turn the sprayer control knob to the "OFF" position and turn off water. When finished, relieve water pressure by turning the control knob back on until the line is depressurized and then turn back off. Disconnect the sprayer from the hose.

PRECAUTIONARY STATEMENTS

WARNING: Causes serious eye irritation. May cause allergic skin reaction.

Prevention: Thoroughly wash face, hands and any exposed skin after handling. Wear protective gloves/clothing and eye/face protection. Avoid breathing mist/vapors/spray.

Response: If in Eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing if eye irritation persists. Get medical advice/attention. **If on Skin:** Wash with plenty of soap and water. If irritation or rash occurs, get medical advice/attention. Wash contaminated clothing before reuse. If irritation persists, call a physician or 1-800-222-1222 for emergency medical treatment information.

Storage and Disposal: Keep away from children and pets. Store in original, tightly closed container in a cool, dry area. Non-refillable container; do not reuse or refill this container. Recycle empty container, or discard in trash.
