Select from the following Marketing Claims:

Fresh (or other descriptive term such as "Pleasant") Scent

Ready-to-Use Spray

For use on cats, kittens*, dogs, puppies* and other pets

*Over 12 weeks old

May be used year round

DIRECTIONS FOR USE

Prior to application read entire label and use according to directions. Shake well before each use.

Set nozzle to "mist" setting and spray pet from a distance of 8-12". Start by spraying pet from the tail, working toward torso and head, fluffing the hair backwards to help the spray penetrate through coat down to the skin. Ensure entire pet's coat is treated including legs, tail and underbody. Thoroughly moisten fur, but do not spray to the point of run-off. Repeat as necessary based on pest pressure. May be used year round if needed. Pets may be treated indoors or outdoors.

Do not spray directly on face; spray on a cloth and wipe on, making sure to avoid nose, mouth and eyes. Do not spray onto open wounds, abrasions or genitalia. Do not spray pets under 12 weeks old. Do not spray on animals intended for human consumption.

PRECAUTIONARY STATEMENTS

WARNING: May cause an allergic skin reaction.

Prevention: Avoid breathing fume/mist/vapors/spray.

Response: If on Skin: Wash with plenty of soap and water. Wash contaminated clothing before reuse. If irritation or rash occurs, get medical advice/attention or call 1-800-222-1222 for emergency medical treatment information.

Storage and Disposal: Keep away from children and pets. Store in original, tightly closed container in a cool, dry, well-ventilated area. Non-refillable container; do not reuse or refill this container. Recycle empty container or discard in trash.
